How did you hear about us? _____

You have agreed to participate in a series of Brew-Zilian Tanning sessions to achieve the ultimate in sunless tan on your skin. To help you the best achieve your results, please read the following material.

1. Brew-Zilian Tanning solutions, like any self-tanner, will not prevent your skin from burning in tanning beds or sun. Please take proper precaution when in UV light exposure.
2. For best results maintaining your color is possible with visits of every 5-10 days. Healthy, hydrated skin will hold tan longer and achieve color faster.
3. For best results, wait 16 hours after being airbrushed before showering. This allows the solution to fully develop and will ensure longest results. If you must shower before 16 hours, warm water rinse only.
4. The Brew-Zilian Tanning technician is trained to provide as even a tan as possible. However, it is possible you will find areas of your tan lighter than others. In most cases, these differences are minor and disappear after a couple of sessions.
5. All the components of the Brew-Zilian Tanning solutions have been used in cosmetic products for decades and have proven to be safe for the skin. If you had any adverse effects using self-tanning products or moisturizers you will probably experience similar effects with the Brew-Zilian Tanning.
6. We recommend that you hold your breath, while the technician sprays the areas of your face.
7. Many customers wear a disposable shower cap provided for you by Brew-Zilian Tanning to keep the solution from getting in their hair. Others tan without covering their hair. The solution cannot penetrate hair follicles. There have been no cases where tanning solution has changed the color of anyone's hair.
8. If you have any history of asthma or respiratory conditions that could be aggravated by the use of the Brew-Zilian Tanning system, due to DHA products. Please contact your physician before using it and be sure to advise us of any past allergic reactions.

I the under signed, understand and will comply with all instructions and have been properly instructed prior to my Brew-Zilian Tanning session. I am using services at my own risk.
